Create a sender identity
Before sending email, you'll need to create a sender identity. There are two ways to do this, but we recommend creating a Single Sender to get set up quickly and test your email integration.
Create a Single Sender
Authenticate a domain instead
Your sender identity is the "from" email address your recipients will see in their inbox. Learn more about this.
Send your first email
Please create a sender identity before sending your first email.
Remove email sending limits
Finish your account setup
